The La Soleil pastry shop, run by Kashu Minaduki, thrives thanks to the help of two catgirls: a maple full of pride and a little on the arrogant side, and a cinnamon, impulsive dreamer. These two sisters are particularly close to the other sisters. One day, Maple encounters something that shakes her faith in achieving her dream. Cinnamon, not wanting to see the maple suffer, wants to help her in any possible ... but she can't figure out how to do it. This story is a touching cat comedy about their ambitions and connections between family members... with a little ecchi on the side, too. Developers describe content like this: -Lewd jokes and dialogue -Nudity -Breast wiggle minimum OS: Microsoft Windows VistaProcessor: 1.8 GHz Pentium 4Memory: 1GB RAMGraphics: 1280 x 720DirectX: Version 9.0cStorage: 3GB of available space Distribuidora CFK e a desenvolvedora Neko Works anunciaram que Nekompara Vol. 3, about quarto Jogo chief da Sari de visual novels, Sere Lanyado mundialmente pair PlayStation 4 e Nintendo Switch no dia 27 de Junho. O t'to foi lan'ao originalmente em 2017 para PC, sendo disponibilizado atrav's do Steam com uma DLC que adiciona cenas er'ticas animadas removidas do lan'amento de all ages. Essays contedo adicional nao estare presente on vers'o a couple of consoles. Nekompara Vol. 3 se encontra dispon'vel somente para pc e sere lan'ado digitalmente a couple of consoles atrav's da PS Store e Nintendo eShop. NEKOPARA Vol.3 is a perfect example of what happened to the modern anime and visual novels industry. Instead of offering fan service as an added bonus, it uses it as a main course, and as a result, will only reassure those who are here just for that. Of course, like all fetish objects, reviews and evaluations don't really matter, so the rule is just like: In love with nekos? Pay and have fun. The rest you can just forget that it even exists. Read the full review of nekovr.club/img/co... Page 2nekovr.club/img/co... In: View source Comments Share Nekompara Vol. 1December 29, 2014 At The New World's Day. May 3, 2017 Nekompara Volume 3 - Neko-tachi no Aroma (ネコぱら Vol.3 ネコたちアロマテイゼ?) is an adult visual novel developed by NEKO Works and published by Sekai. This is the fourth game in the series based on Saori catgirl doujinshi and catgirl works. The game was released on May 26, 2017 The game features Cinnamon and Maple as the leading heroines of the story. Recommended opening song for this Nekoichi game. The game description of the confectionery La Soleil, run by Kashu Minaduki, thrives thanks to the help of two catgirls: Maple, full of pride and a little on the arrogant side, and cinnamon, an impulsive dreamer. These two sisters are particularly close to the other sisters. Once upon a time Meeting meetings that shakes her faith in achieving her dream. Cinnamon, not wanting to see the maple suffer, wants to help her in any possible ... but she can't figure out how to do it. This story is a touching cat comedy about their ambitions and connections between family members... with a little ecchi on the side, too. Characters Chief Kashou Minaduki Maple Cinnamon Secondary Chocola Vanilla Coconut Azuki Shigure Minaduki Development NEKO Works announced on Twitter that the exhibition of the next nekopara visual novel will be announced at the 91st Comic Market. The game was originally scheduled for release on April 28, 2017. However, Sayori became ill during development and staff had to postpone production until May 26, 2017. images/00001 (131).jpg images/00001 (132).jpg images/00001 (133).jpg images/00001 (134).jpg images/00001 (135).jpg images/00001 (136).jpg images/00001 (137).jpg Previous Sheet | Next sheet This page does not work well in portrait mode on a mobile phone. Please turn the device around. No one can stop Nekoparu. Again, why would anyone want to? This visual novel series is now on its fourth record and comes packed to the brim with adorable catgirls living their strange life in the La Soleil patisserie. Nekopara Vol. 3 picks up where Vol. 2 leaves. Protagonist Kashou Minaduki no longer finds it strange that his employees consist almost exclusively of the feline girls of his family. Instead, the guy ended up falling for each of them in turn. Back in Volume 1 he made catpanions of chocolate and vanilla. Two more relationships with Cocos and Azuki in Vol followed. 2. Yes, the trend continues in Nekopara Vol. 3, which means it's finally time for maple and cinnamon to come up to the plate. As with previous major volumes, Nekopara Vol. 3 not only gives players more catpanions, but also provides a lot more insight into targeted catgirls. Before that, Maple and Cinnamon were not important characters that only appeared at key moments. Now the players finally get to see what kind of women they are. Maple, it turns out, may seem restrained and haughty, but that's not all there is for her. While most catgirls seem to have no goals in their lives other than to lie with Kashou, Maple actually has a dream she would like to pursue. Of course, that doesn't stop her from falling in love with Kasha along the way. Cinnamon has always been a perverted character of comic relief. It still fits this bill here. Now we're just going to look into her relationship with Maple, both past and present. After the initial passage, it almost feels as though this game is bigger than the previous entries in the series. However, it actually clocks in about two to four hours of game time just like Vol. 2 before him. This sensation is most likely caused by the fact that in Nekopara 3. We are no longer limited to La Soleil and its nearby park. There are several story streams running through the story as well. Of course, it's not super deep but there's little more to the surface level than Continues. There are also a fair share of adult sequences as always there that non-Steam players will be able to access without one buying a patch from the Denpasoft store Sekai Project. There's no attempt to bridge the gap between what happens during the scenes for the readers' version of Steam. Things can just start getting heated out of nowhere (always caused by catgirls) and then there's a flash of white. After this sudden and terribly ungrateful transition, we were left going through an eye-rolling pillow talk between Kashou and various catgirls. With what's said, there's still some nudity and sexual content preserved in steam's release. So don't go into expecting purely useful catgirl times just because you've chosen for all ages edition. K'est la Vu. Nekopara is always a visual feast and Nekopra Vol. 3 is no different. Once again we treated to abundant high quality anime CG art as well as active, elastic sprites. With this said, if you're the type to click through before the strings are complete, be in some strange sprite animation. The animation accelerates, causing the characters to appear as if they vibrate dangerously. There is still a full voice acting as well (except for Kashu himself). Again you can also choose to play through the game with text in English, Japanese or Chinese as needed. Just keep in mind that voice acting is only available in Japanese. Although Nekopara Vol. 3 may be the best of Nekopara releases so far, it's still a long way from the more developed visual stories of the novel out there. The thing is, no one comes to Nekoparu expecting this. They see the colorful cast of catgirls and harem theme and know whether or not this is exactly what they are looking for. The real question is what will happen next now that Kashou has succeeded on his strange unexpected quest to romancing every catgirl in the game. Some believe Vol. 4 may finally take a turn of taboo romance - but it may be too controversial - or obvious. Given that Nekopara is such a silly harem game, you'd think Kashou is the happiest guy in the world. Although he seems to conclude, he is also written with a lot of reservations about his actions towards the cast. Anyway, it makes one get a weird vibe about it. Perhaps, by the next, he finally got rid of these reservations in order to live his fictional life freely. Final comments: Nekopara continues to grow with each release. Although somewhat predictable regarding its sexual aspects, the plot is becoming less of a one-off component, even if it is still short. Fans finally know a lot more about each of the characters and probably have their favorites. There's still something to be desired about the characteristics of Porridge as well as the tale in general, but it seems to be coming along Way. Fans should be sure that they will enjoy Nekopara Vol. 3, then find their appetites ingested for the upcoming Vol. 4. 4.
