Full CG Unlock: Thank you @Jag for your efforts ----- Rance 1 - quest for Hikari ----- Placement ----- Put RanceSN.ASD in the same folder as the game performed. Overwrites save in the last slot. Notes ----- This save useless as no memory or CG viewer in Rance 1. All you can do is leave the camp menu, then go somewhere else to finish the game. I turned it on here for the sake of completeness. ----- Rance 2 - Rebel Maidens (remake) ----- Posting ----- Put CG ㄇ ㄴ .asd and 回想ㄇ ㄴ .asd in the SaveData folder. Opens all CG and music in the main menu. ----- Rance 3 - The Fall of Leazas ----- the placement of the ----- RANCE3SH. ASD is in the same folder as the game that can be compished. Overwrites save in the last slot. Notes ----- Go to H Viewer's Camp Menu to see CG. ----- Rance 4 - In search of Hikari ----- posting ----- put RANCE4SJ. ASD is in the same folder as the game that can be compished. Overwrites save in the last slot. Notes ----- in the camp menu, calling The God system to get to the CG viewer. There are some problems with this save. On the one hand, you can't both versions of Merim's H-scene are in the same passage. I went to the version, which I felt was kinder to her (expecting (expecting sex until Bicky dies). Secondly, there appear to be numerous errors that kept some CG from unlocking. For example, Lella's CG mirror is missing from her section, although it is impossible to miss. You can be better served by looking at the CG collection online. ----- Rance 4.1 - Save the Medicine Factory! ----- posting ----- put ASLEEP_J.DAT in the same folder as the game performed. Notes ----- go to Alice's mansion in the title menu to see the scenes. ----- Rance 4.2 - Angel Army ----- Placement ----- put ASLEEP_J.DAT in the same folder as the game performed. Notes ----- go to Alice's mansion in the title menu to see the scenes. ----- Kichikuu ----- posting ----- put KICHIKUUSJ. ASD is in the same folder as the game that can be compished. Overwrites save in the last slot. Notes ----- most importantly, if you want to get a secret spy character, reboot the menu name until you see the Spy in the bottom left corner. Click on it at least once before you start a new game. She will join you after conquering one of the cities in Liás during the uprising. Once you have started a new game and saved at least once, you are free to delete this file as the new saves will have the necessary flags to unlock all CG and fate copied. This game has a strange save system where it constantly copies all the system data for all current save files. ----- Rance 5D - Lonely Girl ----- posting ----- put Rance5dSystem.asd in the save folder. Overwrites high scores for each mode (normal, hard and hard B) Notes ----- included 25 save files that will allow you to use the Chapter Choice feature to go to any chapter from the header menu. They go in the same folder as the game runs, but are not necessary to unlock the CG. ----- Rance 6 - Collapse zet ----- posting ----- Put Config.asd in the SaveData folder. ----- Rance 7 - Sengoku Rance ----- posting ----- put Rance7_Sys.ASD in the SaveData folder. Overwrites score high for new game points. Notes ----- start a new game, then look at the CG from the menu system. It's a hacked file because I'm sick of trying to finish every way in the game. It has enough points to unlock each bonus at the same time.
